

VINTAGE BEIGE (7-1/2")

Part Of The Casa Bellissima Collection

PRODUCT DESCRIPTION

Vintage Beige's wear layer is constructed from 4-millimeter solid European Oak hardwood and its core is comprised of layers of plywood. European Oak flooring is one of the most sought after hardwood choices in the US. All of these layers combined to result in a 5/8"(15mm) total plank thickness and each plank measuring 7-1/2" in width.

Each box of Vintage Beige contains 30.3 square feet of engineered hardwood. Wire bristles are used to remove the softer grain within the wood, which accentuates the harder grain and creates a beautifully textured surface with added character. Our flooring is constructed from layers of plywood, topped by a solid European Oak veneer.

PLEASE NOTE: True color may vary based on your monitor settings.
