

# RIMINI

## Part Of The Barletta Collection

### PRODUCT DESCRIPTION

Rimini's wear layer is constructed from 4mm solid European White Oak Hardwood and its core is comprised of layers of plywood. Straight Plank flooring is one of the most sought after hardwood choices in the US. All of these layers combined result in a 5/8" total plank thickness and each plank measuring 8-5/8" in width.

With flooring manufactured by ADM, you can set up the ageless look of European White Oak engineered hardwood flooring by implementing your own design expertise to the color and finish. ADM Flooring collections provide customers with a product perfectly made for their home and budget. Rimini guarantees an economical choice within our Rustic grade. We assure you that it will give a modern feel to your current or upcoming renovation with its classic Natural European White Oak color and style combination.

Each box of Rimini contains 20.84 square feet of engineered hardwood. It has Wire Brushed surface texture and the planks are Random up to 7ft (Most pieces are 7ft) long. Our flooring is constructed from layers of plywood, topped with a solid European White Oak veneer.

PLEASE NOTE: True color may vary based on your monitor settings.
