

SLATE GREY

PRODUCT DESCRIPTION

Slate Grey's wear layer is constructed from 3-millimeter solid European Oak hardwood and its core is comprised of layers of plywood. European Oak flooring is one of the most sought after hardwood choices in the US. All of these layers combined to result in a 5/8"(15mm) total plank thickness and each plank measuring to 7-1/2" in width.

Each box of Slate Grey contains 23.3 square feet of engineered hardwood. Wire bristles are used to remove the softer grain within the wood, which accentuates the harder grain and creates a beautifully textured surface with added character. Our flooring is constructed from layers of plywood, topped by a solid European Oak veneer.

PLEASE NOTE: True color may vary based on your monitor settings.

PRODUCT DESIGN AND SPECIFICATIONS

Bevel: Micro	Plank Connection: Tongue and Groove
Collection: Pavia	Plank Length: Random Up to 6ft (Most pieces are 6ft)
Color: Natural	Plank Thickness: 5/8"
Construction: Engineered Hardwood	Plank Width: 7-1/2"
Finish: UV Lacquer	Sq.ft per Box: 24.63
Grade: ABCD (Character)	Texture: Wire Brushed
Installation Pattern: Straight Plank	Wear Layer: 4mm
Janka Rating: 1360	Wood Species: European White Oak
